Month/Year

**Dear Howie,**

Whew! The summer is here! All of us at Sierra Mountain Guides have been slammed between guiding and the office and finally have a moment to sit down and connect with the rest of you. Howie and Neil have met up with their clients and are starting their tour of the Alps Big Three today! We wish them luck and good weather! As for the rest of you- don't let the summer pass you by! Being outside is important!!

~All of us at Sierra Mountain Guides
