Dear Howie,

There couldn't be a more perfect day to be writing our Welcome to Winter newsletter. Howie, Neil and I are sitting in Big Pine, June Lake, and Bishop (respectively) staring outside at the snow coming from the sky, thinking of skiing, and praying for the winter of 2005. It is, afterall, an [El Nino](#) year- and so was 2005 (albeit, a weak one) so, maybe we have a chance?

Anyway, winter is here and now is the time to start thinking about [Avalanche Courses](#), [Ice Climbing](#), [Backcountry Skiing](#) and making sure those chains are in your car and ready to go!

Big News!
